LYTAL SUCCEEDS SELF  
AS CHAIRMAN OF COUNTY  
BOARD OF COMMISSIONERS

For the second successive year Loyal will serve as chairman of the county commission with Ben Sundry, Delray Beach, as vice chairman. Both were elected this week.

When the board held its reorganization meeting, Loyal's reelection came as no surprise but as a slight deviation of the commission's usual policy of rotating the chairmanship.

In making the nomination Commissioner Paul Rardin, Canal Point, praised Loyal's work during the past year and

emphasized that he did not expect to get away from the rule of passing on the chairman's job. Loyal was elected out of turn last year following the death of Commissioner John Prince who was in line for the chairmanship.

Rardin also cited some of the board's accomplishments over the year, all of which were done without "bond issues", he pointed out and through "hard headed business judgment and conservative effort of board members."

Projects "paid for as we went along," said Rardin, included completion of the \$150,000 airport terminal building, readying for dedication the \$40,000 Port of Entry building, remodeling to the extent of \$183,000 the west wing of the court house, and beginning of construction on a new headquarters for the agricultural department.

Rardin stressed the many problems in view for the future with the election of a new governor this year and the difficulties faced last year on the death of Governor McCarthy. In accepting the post Loyal expressed his appreciation but reiterated his belief that the "responsibilities of the chairmanship should be shouldered by all of us."

As first order of business the board reappointed all department heads and followed this with a resolution to spend an additional \$13,000 for right of way on the proposed super highway State Road 9.

## ST. LUCIE DISCHARGE STOPPED WHEN LEVEL REACHES 15.58 STAGE

Subject: Canal to be stopped at 8:00 a. m. to continue through Caloosahatchee River and canal.

Discharge of water from Lake Okechobee through the St. Lucie Canal will be completely shut off by 8:00 am on January 15th, according to word received this week from the Jacksonville District Office of the Corps of Engineers.

Colonel H. W. Schull, Jr., District Engineer, said that inflow to Lake Okechobee is now less than the discharge capacity of the Caloosahatchee River and the agricultural canals leading from the lake.

The lake can be regulated without use of the St. Lucie Canal during the remainder of the winter season, barring abnormal rainfall, Schull said.

He has instructed the Clerkston sub-office to begin closing the lock at 8:00 o'clock Thursday morning, January 14th, and to have the lock completely closed by 8:00 o'clock on the 15th, at which time the lake elevation will be 15.5 feet, the maximum safe level.

Schull said that discharge through the Caloosahatchee River and the agricultural canals will be continued in order to keep the lake within the prescribed elevation.

Schull also stated that dredging to remove shoaling in the St. Lucie Canal behind the lock is well under way, and will continue until the channel depths are restored. The dredging is being done by Brinson Construction Company of Tampa.

## BIGGER-AND BETTER FAIR PLANNED AT TAMPA IN '54

Improvements amounting close to \$100,000.00 have been made on the Fairgrounds in Tampa during the past year to accommodate an expected one and one-half million visitors to the all new 1954 Florida State Fair, according to Carl D. Brorein, Fair president.

This year's Fair, opening Feb. 2 and closing Feb. 13, promises to be the finest possible in the way of educational exhibits, industrial, farm, citrus and commercial displays, and midway and grandstand entertainment, Brorein said. "But, we can't help puffing with pride when we survey the face-lifting the Fairgrounds has undergone,"

he said.

No longer will visitors have to pick their way over sandy paths. All roads and sidewalks are now paved within the grounds he said. Nearly two miles of black-topping was just completed.

Buildings which underwent complete re-modeling included the new Administration Building, Exhibition Hall, Educational Building and Pan-American Building, which has been renamed The Chrysler Building. The latter has been fitted with a new floor and Exhibition Hall has announced.

now boasts a 300-seat auditorium.

Newly painted structures show off to advantage with extensive beautification program featuring flower beds and shrubs.

Mail orders for uncovered reserved grandstand seats for all afternoon and night performances are now being accepted. Price is \$1.50. Reserved infield bleacher seats are available for \$1.00. All orders should be accompanied by check or money order, the ticket office has announced.

**JUDGE ROBBINS SPEAKS AT GCL GLADES MEETING**

The Everglades Good Citizenship League met at the Community Methodist Church in Belle Glade Sunday afternoon. Judge Richard P. Robbins of West Palm Beach was the guest speaker. He presented an interesting discussion of the work and scope of Juvenile Court in West Palm Beach and the role which alcohol plays in juvenile delinquency.

He pointed out that good family relationship is the foundation of the greatness of the United States and that anything that menaces this relationship also menaces the nation; that 92 percent of juvenile delinquency may be traced to the disintegration of family home life; that alcohol is one of the great menaces to right family relations.

Some of the causes of alcohol consumption he listed were frustration, discouragement, desire to forget one's troubles. Palm Beach County, he stated, has an average of 17 incompetency cases a month, 80 percent of which are due to alcohol. The United States, he said, spends three billion dollars a year on her schools, yet nine billions are spent during the same year for alcoholic beverages.

A business session followed the address. John Cooper presiding. A finance report was presented by George L. Royal with recommendations that a membership fee of \$2.00 be charged and that free will offerings and drive funds be made as specific need develops.

The recommendations were accepted. Robert Ford presented the constitution and by-laws report, and they were duly accepted.

It was decided to meet once each quarter on the second Sunday in January, April, July and October with called meetings when necessary.

Officers were elected to hold office for one year. J. L. Merrill of Pahokee was elected president, John Cooper of South Bay, vice-president; Mrs. G. J. Barstow, South Bay, secretary; C. A. Bailey of Belle Glade, treasurer.

Approximately 50 persons were in attendance.

## CHURCHES OF CHRIST, SCIENTIST

That harmony in daily affairs demands obedience to God's laws will be emphasized at Christian Science services Sunday.

The Lesson-Sermon entitled "Life" includes the following account of counsel by Christ Jesus from the Bible:

"And, behold, one came and said unto him, Good Master, what good thing shall I do, that I may have eternal life? And he said unto him, Why callest thou me good? there is none good but one, that is, God; but if thou wilt enter into life, keep the commandments" (Matthew 19: 16, 17).

The following correlative passage will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"We apprehend life in divine

existence . . . our health, our longevity, and our Christianity (167-6).

# Jesus Loves Even Me

A Composer of Popular Songs Turns to Hymn-writing

During the late 1920's and early 30's a man in his twenties wrote some of the most popular songs of the day. He was called "Lena Vale" and his name was "Lena Vale". But, considering that he had only twenty dollars, he was called "Lena Vale".

His name was Philip Bliss; a gentle, self-trained musician. He had been too poor to afford a piano and his first notes were learned on a flute he had cut from a cane back of his log cabin home in Clearfield County.

At twenty-six Philip Bliss wrote a song he called "Lena Vale". It was such a hit that the Chicago publishing firm of Root and Brady invited him to come to the Windy City and conduct concerts.

But the music master cared little for popular songs. He wanted to write hymns and sing the songs of the church. This love led him to W. Whittle and Dwight L. Moody. In ten years Philip Bliss was among the foremost gospel singers of the nation. One night he heard Moody tell of a ship wreck and he wrote, "Let

the Lower Lights Be Burning." He attended a service where the pastor said, "To be almost saved is to be entirely lost," and he wrote "Almost Persuaded." At thirty-five his royalties were counted in tens of thousands . . . which he gave to charity.

While in the home in Chicago Bliss pondered the question that many hymns were written along the theme of man's love for God. He reversed the idea and one morning while his wife waited for him to come to breakfast he

I am so glad that our Father in Heaven Tells of His love in the Book He has given; Wonderful things in the Bible I see; When I remember that Jesus loves me.

Oh, if there's only one song I can sing, When in His beauty I see the great King; This shall my song in eternity be; "Oh, what a wonder that Jesus loves me."

Science only as we live above the clouds and correct sense and correct action. Our proportionate admission of the claims of good or of evil determines the harmony of our existence . . . our health, our longevity, and our Christianity (167-6).

**60 SECOND SERMONS**

by Fred Dodge

**TEXT:** Americanism consists in utterly believing in the principles of America. — "The New Wilson."

A traveler in a rural area noticed a farmer having trouble with his horse. It would start, go slowly for a short distance, and stop. Then the farmer would have difficulty in getting him started. Finally the traveler approached and asked:

"Is your horse sick?"

"Now, he ain't sick,"

"Well, he ain't balky?"

"Now, he ain't balky," was the reply.

"The what is the matter with his going?"

"Well, I'll tell ya," the farmer said. "He's so durned fraid that I'll say 'whoa' and he won't hear me, that he stops every once in a while to listen."

We smile at the lazy horse, yet man is as lazy as the horse. He works only to remove uneasiness — from his himself where he desire for empires. In acting to reduce a place hunger he will not be uneasy, he achieves goals that benefit others. Freedom to try, plus man's inborn desire for ease, make the free enterprise system the most successful way of ever known. Regulation and control of his efforts to free himself from uneasiness, choke the life of the nation. Regulation and control of his efforts to free himself from uneasiness, choke the life of the nation.

**DALE FRANCIS GUEST OF ALTAIR SOCIETY**

Mr. Dale Francis, prominent lay apostle of the Catholic Church from Charlotte, N. C. spoke at the monthly meeting of the Altair Society held at the home of Mrs. Walter Ashley on Tuesday evening. He spoke of the efforts of a few lay people making available to non-Catholics who de-

science information about the Catholic Church, literature, art, and other religious or cultural ventures is successful, other large centers will be open in the future in the heart of all large cities in the United States.

Mr. Francis was introduced by the Society by Father W. Holmes, pastor of St. Margaret's Parish, of Clearwater.

The membership voted to approve some Altair Society funds towards retreating the church debt. Favorable reports were made by the ways and means committee. Mrs. R. B. Muller, on past efforts of the members to raise money.

Plans were announced for a benefit bazaar to be held at the American Legion Hall on February 10th. Mrs. R. E. Howard will be in charge of ticket sales. Mrs. Muller will be assisted by Mrs. Lloyd Bass.

Mrs. Peter LaChance, Mrs. R. Baker, and Mrs. August Kirchman, co-chairman.

Mrs. James Fields, a new center to this vicinity was introduced to the members present by Mrs. Charles Henry.

**OUTLINE FOR THE INTERNATIONAL UNIFORM SUNDAY SCHOOL LESSON—**

January 17, 1954

**LESSON TOPIC: "The New Birth"**

**SCRIPTURE LESSON — John 3:1-16**

By Rev. Robert Ford

**INTRODUCTION:**

Today we come to the most familiar section of the whole Bible: Jesus as He talks with Nicodemus. Here we have a Case History of Conversion. Here is the faith demanded by Christ. Following His turning point, to win, many believed upon Him because of His miracles; this kind of faith is inadequate.

**I. WHAT IS THE NEW BIRTH?**

It is called "regeneration" (Titus 3:5); We are in Christ a "New Creation" (II Cor. 5:17). We are dead men brought to life (Ephesians 2:1-5).

**II. WHY IS THE NEW BIRTH NECESSARY?**

Nicodemus was a pious religious leader, but he needed it, and so do all men. Religion, morality, culture or education cannot save. (Galatians 3:1-5).

**III. HOW IS THE NEW BIRTH EFFECTED?**

There is a Divine and eternal life. The Spirit of God operates, but we must repent of our sin and accept Christ as our savior (John 1:12-13).

**IV. WHAT ARE THE RESULTS OF THE NEW BIRTH?**

A man who is born again thinks, acts and feels in a new way. He is now in the family of God and possesses eternal life.

**CONCLUSION:**

FOR GOD—The Lord of earth and heaven, SO LOVED—and longed to see forgiven, THE WORLD—in sin and pleasure mad, THAT HE GAVE—the gift of life, HIS ONLY SON—to take our place, THAT WHOEVER—oh what grace, BELIEVETH—placing himself trust, IN HIM—the righteous and, SHOULD NOT PERISH—lost in sin, BUT HAVE ETERNAL LIFE—in Him.

PRAISED FOR A GOOD  
JOB IN TB CONTROL**

Mrs. Ruth Sheppard, executive director of the Palm Beach County Tuberculosis and Health Association in reporting the results of the Christmas Seal sale, says that "W. C. and Louise Taylor were Christmas Seal Chairmen for the current period and turned in \$185.10 last week, making a total of \$360.10 for their group, which helps considerably."

"Negroes in the Glades have been doing a good job not only in seal sales but in all phases of TB control," says Mrs. Sheppard.  
Late returns have boosted the 47th Annual Christmas Seal Sale total to \$28,716.64 with twelve towns in the county having exceeded their contributions for last year according to A. Parker Bryant, County Seal Sale Chairman for the Palm Beach County Tuberculosis and Health Association. Mr. Bryant said that it is not too late to answer your Christmas Seal letter and to have a part in the Association's 1954 TB prevention and control program.
